

**REMARKS**

In an Office Action mailed on October 18, 2005, the Examiner: (1) rejected claims 16 and 17 under 35 U.S.C. § 103(a) as being obvious over a combination of Marshall et al. (U.S. Pub. Pat. App. No. 2003/00331339A1) and Olschewski (U.S. Pat. No. 4,103,267) and further in view of Cheon (U.S. Pat. No. 6,194,774); and (2) allowed claims 1-7, 9-15, and 18-23.

Applicants' representative thanks the Examiner for the telephone interview held on October 26, 2005. As discussed at the telephone interview, the October 18, 2005 Office Action did not indicate the status of pending claims 25-28, which depend from claim 18. The Examiner indicated that by virtue of their dependence upon allowed claim 18, pending claims 25-28 are also allowed. Applicants' representative thanks the Examiner for the allowance of claims 1-7, 9-15, 18-23, and 25-28. By this Amendment, Applicants amend claim 16 without prejudice or disclaimer of the subject matter thereof.

Applicants respectfully request the Examiner to allow amended claim 16 and claim 17, which depends from amended claim 16. This is because claim 16 has been amended to include the allowable subject matter related to a core coupled to a substrate using epoxy and a first plurality of wires extending through the epoxy.

Accordingly, Applicants request allowance of pending claims 1-7, 9-23, and 25-28. Should issues remain that might be subject to resolution through a telephonic interview, the Examiner is requested to telephone the undersigned at (512) 996-6839. If Applicants have overlooked any additional fees, or if any overpayment has been made, the Commissioner is hereby authorized to credit or debit Deposit Account 503079, Freescale Semiconductor, Inc.
